

First, connect the USB cable from the DVD Writer Device to one of your PC's USB ports. Then, connect the DVD Writer to a power outlet using the other cable in the box.

1. Insert the DVD-R/DVD-RW or CD-R/CD-RW to the drive.

2. Click Start → Programs → Iomega HotBurn Pro → Iomega HotBurn Pro

3. On HotBurn Pro, you can burn Music CDs, Data Disc, MP3 disk or copy another disk. You can also back up your data. To do any of these click the Data Disc button.

a. Before you start, click the **Settings** button to make sure that you are using the proper target device drive to burn the CD or DVD.

A Settings Dialog box will appear.

| Se | ttings | | | | | x |
|----|---------------|------------|--------|----------------|----------|--------------|
| T. | arget device: | | | | | |
| L | G RW/DVD | GCC-4480E | 3(E:) | | <u> </u> | Select |
