Interactive Workbook 1

A1-A2

Interactive is an exciting course for teenagers, packed with up-to-the-minute, stimulating content. It will get your students talking and keep them talking, using real, contemporary English.

Interactive gets students communicating from day one, by providing them with the framework and tools they need. The Workbook provides additional practice of the language introduced in the Student's Book.

- **Portfolio** sections offer an alternative writing activity for each unit.
- Every unit provides one core reading text and additional listening practice.
- Extended vocabulary practice for every unit and **Help yourself!** boxes highlight key grammar points and offer additional language practice.
- A fun **Quiz** at the end of each unit enables students to review what they have learnt and promotes learner autonomy.
- The 24-page grammar section at the back of the Workbook offers a **Grammar Reference** and **Grammar Practice** linked to every unit of the Student's Book.

CAMBRIDGE ENGLISH CORPUS

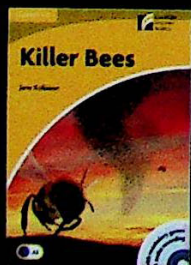

The Cambridge English Corpus is a multi-billion word collection of written and spoken English. It includes the Cambridge Learner Corpus, a unique bank of exam candidate papers.

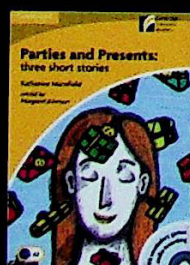

Our authors study the Corpus to see how English is really used, and to identify typical learner mistakes. This means that Cambridge materials help students to avoid mistakes, and you can be confident the language taught is useful, natural and fully up to date.
